

MERRY CHRISTMAS

FROM

THE CLEMENS FAMILY SERVING AT BALL STATE

Dear Friends,

We hope you all had a great Thanksgiving! It's hard to believe another semester (and 2015!) is almost over! We're excited to update you all on our ministry during these last weeks.

This has been a great semester at The Revolution! We came into the fall with a goal of reaching out to more male students on campus. We've learned over the last couple of years that guys just aren't showing up and getting involved on their own – we have to go reach them. Brandon has continued to meet guys playing basketball, one of our house churches started an intramural basketball team, some of our guys started meeting people through playing flag football, and one of our pastors started a men's Bible study that meets in a CrossFit gym. The impact has been amazing! We have more guys coming around than in recent years and hope to continue the upward trend. Please pray for our continued efforts!

Jenna continues to reach out to students in the theatre department by hosting a weekly Bible study with Gracie – a girl she disciples. Every week there are non-believers there hearing and talking about the Gospel. Pray that God would intervene in the lives of these students and that they would come to know him!

Over the winter break, our church is hosting a ski retreat for our students. This will be a time for fun, bonding, and casting a vision for our students to continue spreading the Gospel in the spring semester. Pray for safety, refreshment, and inspiration for our students and staff!

Please pray fervently for the last 3 weeks of this semester. At the outset of this semester, our goal was for our church to share the Gospel with 150 students on campus. Pray that God would give us the boldness to meet this goal and that he would produce fruit through the seeds we plant. We've

already seen people give their lives to Christ this year and believe there is more God will do in these last few weeks!

Students from Brandon's House Church

We are so grateful to have partners like you praying for us. You are a huge part of our ministry and we believe God responds to your efforts in prayer. Thanks for all you do and we hope you have an amazing Christmas!

Much love in Christ,

Brandon, Jenna, and Jackson Clemens

Jackson is now almost 7 months old! He is beginning to crawl, has started solid foods (he loves bananas!), and is fascinated by smart phones.
